This first floor master suite plan is an entertainer's delight! The huge two-story living room shares a two-way fireplace with a cozy hearth room and adjoining island kitchen. The first floor library with its distinctive tray ceiling makes an ideal retreat. The spacious loft overlooks the living room, foyer and hearth room below. The three large bedrooms on the second level are thoughtfully arranged to maximize privacy for all family members. The three-car garage and side entry porch lead to the laundry center, powder room and drop zone.
